

## Winter 2011

CRM leaders are amazed at the diligence of our kids. Kids are challenged at each Monday night club to memorize scripture and come ready the next week to recite what they have put to memory. To help them do this, we give them a memory verse card to study. The kids use these cards to work on the verse whenever they can. Some children are so excited about memorizing scripture they search for CRM volunteers at different clubs, such as homework or bible club, to share the new verse they have

learned. Some leaders, who only help at homework clubs, are awestruck when students seek them out to quote verses. The leaders are struck, not by the fact kids are telling them verses at club, but at their enthusiasm to and joy in wanting to share 'their' verse. This is the kind of impact your support makes!

We celebrated our 2<sup>nd</sup> annual all CRM Clubs Christmas party on December 14<sup>th</sup>. We had 185 students in attendance, as well as parents and volunteers. The building was filled with joy, fun, people and thanksgiving. Families expressed thankfulness for the gifts receive and the opportunity to create Christmas cards with their children. I am thankful for the generosity of the youth at **Northshore Christian Church** and **Community Bible Fellowship** who bought presents for our CRM children.
